

Andres Romero Ramos

PROFILE

Andres is a recent Computer Science graduate with a passion for solving complex problems using technology.

Throughout his studies, he has developed a strong foundation in computer science concepts and skills, including imperative programming, algorithm analysis, database design, linux basics, version control, web development, container leveraging, and machine learning engineering.

He is eager to continue learning and growing as a professional, and is excited to contribute to a dynamic and innovative team.

EXPERIENCE

Backend Engineer, Universidad Autónoma de Chihuahua; Chih., MX — 2022–2023
Responsible for the development and maintenance of a digital logbook's backend for the college labs, involving designing and implementing the server-side components of the system and the creation of a RESTful API for use by the frontend client.

EDUCATION

Universidad Autónoma de Chihuahua, Chih., MX — B.S. Computer Science, 2023
